Product Use Instructions – Protective Capes/Aprons

Product: Clean Vinyl Technology™ protective capes/aprons. Single piece, seamless pullover style with approximate ¾-arm coverage.

Use: Personal Protective Equipment (PPE).

How to Use: (1) Remove from package, unfold and remove one by one. (2) Locate the perforated edge, and tear-off the 2.0-inch strip if you prefer to use a belt. (3) Pull over head and position comfortably. Please note, the back will be covered through about the shoulder blades. (4) If use of a belt is preferred, pull belt around waist and securely tie in either front or back. (5) To remove, tear from the neckline down and outward (there is an approximate 1.0-inch slit front and back), then remove in a downward motion and step out. (6) When removed, fold outside into inside and discard appropriately or recycle.

Cleaning: Single use and disposable. While compatible with most common household soaps, cleaning supplies and chemicals, cleaning and reuse is not recommended. No direct contact with heat source, and temperature $\leq 200^{\circ}$ F

Recycling; Disposal: Recyclable curbside in most municipalities (Plastic No. 3); or dispose of with your regular waste/garbage pickup.

We support recycling. If selected at time of purchase, a prepaid return label is included that, when used with the original carton, provides a convenient and safe alternative to landfill disposal and the ability to recycle into new. Kindly shake or brush off all contaminants first. When returned and free of contaminants, you'll earn credit toward future purchase at the rate of \$5 per 50 return (free of contaminants).

Traceability: Each carton is labeled with item number, date of manufacture and lot number.

Item Nos.: NX900___, NX900___ and NX900___ (25-Pack, 50-Pack and Bulk Gaylord respectively). Coming soon, available in rolls of 100 each.
